

HEART OF A CHILD MINISTRIES™

Pro-life School/Religious Education/Youth Group/Church Presentations

Heart of a Child Ministries was started through the heart of a seven-year-old child named Grace. She was inspired during prayer at a Holy Hour for Life on the anniversary of Roe v Wade to start the *Pro-life Prayer Pillow* as a way to spread prayer and raise money to help women considering abortion. She began donating thousands of dollars to Pregnancy Help Organizations through the sale of the pillows and was invited to share her mission with middle school students to inspire them to make a difference too. This first school presentation led to the development of four age appropriate, **live ultrasound**, presentations for children and parents. Through God's grace, we have presented to over 30K people, grades K-adult in eight different states. **In addition to our pro-life, live ultrasound, school presentations, we also offer Pro-life Religious Education Presentations, Youth Group, Church presentations, and Q & A Pro-life Panel Discussions with pro-life professionals, medical experts, and people with real pro-life stories who share the supports that are available to women, children and families and answer questions.**

School/Religious Education/Youth Group Pro-life Presentations

Often times our religious education presentations are paired up with our school presentations, where we set up in the school and present during the day, then stay to present during the evening religious education classes or vice versa.

We offer four age-appropriate school/religious education pro-life **live ultrasound** presentations: K-4th, 5th-6th, 7-8th and high school on up using our **4S model of education – Scripture, Science, Stories and Service**. Parent/child participation are encouraged in all presentations. Below is a brief description of each presentation with a link to watch a three-minute trailer highlighting each presentation. Full presentations are also available for schools and parents to preview, if desired.

- K-4th -focuses on Scripture, songs, fun fetal facts, live ultrasound, and interactive hands on activities. Trailer link: <https://vimeo.com/958654827>
- 5th-6th – focuses on Scripture, fun fetal facts, live ultrasound, adoption speaker, and interactive hands on activities. Trailer link: <https://vimeo.com/983237935>
- Middle/High School and beyond – Option 1: Focuses on Scripture, fun fetal facts, live ultrasound, adoption story, and a speaker regarding abortion or other life issues (schools choose their speaker from our speakers list). Trailer link: <https://vimeo.com/993680457>
- Option 2: Fetal Development/Live Ultrasound/Q & A Pro-life Panel Discussion with pro-life professionals and speakers. With this option, we invite pro-life and medical professionals in to share the supports that are out there for women and families, to share their work, and answer questions. Trailer link: <https://vimeo.com/989335864>

***The religious education option** that many churches choose involves holding one family friendly live ultrasound presentation sharing Scripture, fetal development facts, and a live ultrasound where all see a preborn baby on the big screen. This is for ages 2-92 and is most like our K-4th presentation listed above. We then divide into several age-appropriate groups where fun hands-on activities and age-appropriate speakers are incorporated. Parent participation is highly encouraged and welcomed.

Church Pro-life Presentations

1. **One Family-Friendly, Live Ultrasound Presentation** (*most common*): We provide one family-friendly, live ultrasound presentation with “fun fetal facts”. This can be accomplished after the most popular church service times with coffee and donuts or during an evening. This presentation is like our K-4th presentation geared toward all ages. We also often incorporate a teen/adult presentation after one of the services as well or during an evening. See middle/high school options above for this presentation.
2. **Parent/Child Live Ultrasound Presentations**: We offer our four age-appropriate, live ultrasound parent/child presentations. This can be done over a couple of evenings where we present our K-4th, and 5th-6th presentations one evening, and the next evening we present our 7-8th and high school and beyond presentations. Church members can also be invited to a religious education evening presentation.

*Our church presentations often include a *Prolife Prayer Pillow sales* booth and 2-minute talk prior to the services inviting people to come. At the booth, we sell *Pro-life Prayer Pillows* and other beautiful pro-life products and artwork (coffee mugs, books & t-shirts with Scripture). A portion of all proceeds go directly to support women in a crisis pregnancy and benefit the work of Heart of a Child Ministries.

***We encourage schools, youth groups, religious education classes and churches to participate in a pro-life service** with our pro-life presentations. This service can be a bottle drive, baby clothes or diaper drive to support women and children in need. A parish can also host a *Pro-life Prayer Pillow* sale after their Sunday masses where a portion of the proceeds benefit an organization which directly supports abortion-minded women, their children, and the choice of life. Students or parishes can also pray outside of an abortion clinic or offer a prayer service in their church.

***We encourage schools, youth groups and religious education programs to incorporate time in prayer for the students** reflecting on Psalm 139 or our “Letter from the Father”. This takes the message further for your students about how much God loves them and how He has a specific plan for their lives.

***We work with each school, program and church to provide a Pro-life Presentation that fits best with your desires, schedule, budget and number of families.**

Recommended Cost of Presentations:

Pricing is based on the number of presentations and whether they are local or require travel. Please contact us for detailed pricing information. We are pleased to provide engaging, hands-on presentation materials for younger students. For presentations that require travel, all related travel expenses must be covered.

- We work with every school and church to make these presentations work for you and do not refuse anyone based on cost. We recommend working with your local ladies’ guild, parish pro-life group, or Knights of Columbus chapter for support in covering presentation costs if needed. We also have a fund to support schools who cannot afford presentations. Please communicate your need with us when you request a presentation.

Please go to www.heartofachildministries.org/presentations/ and follow the instructions on the website to learn more. An online presentation request form can also be filled out there. If you have any questions, please contact Michelle Witt at 402 881-0511 or email michelle@heartofachildministries.org.

Thank you for considering Pro-life School/Religious Education/Youth Group/Church presentations!
